

# A Level: Computer Science

**BISHOP  
STOPFORD  
SCHOOL**  
**Sixth Form**  
faith | justice | responsibility | truth | compassion

## Specification: OCR

*Computer Science is a subject that will above all else be relevant to the modern and changing world of computing. It is an intensely creative subject that combines invention and excitement and can look at the natural world through a digital prism.*

*Students will develop an ability to analyse, critically evaluate and make decisions. The project approach is a vital component of 'post-school' life, and is of relevance to further education, higher education and the workplace*

### Subject Content

**Paper 1 Computer Systems** - Hardware & Software (Y13), Data Representation & Structures (Y12), Computer Networks (Y13), Web Technologies (Y12), System Architecture & Operating Systems (Y13), Boolean Algebra (Y12), Legal, Moral, Cultural & Ethical Issues (Y13)

**Paper 2 Algorithms and Programming**

Computational Thinking (Y12), Problem Solving & Algorithm Design (Y12), Programming Techniques (Y12), Standard Algorithms (Y12), Computational Methods (Y12), Software Development Lifecycle (Y12)

### Exam Assessment

**Paper 1 Computer Systems**

written paper: 2 hours and 30 minutes  
40% of total A-Level

**Unit 2 Algorithms & Programming**

written paper: 2 hours and 30 minutes  
40% of total A-Level

**Unit 3 Programming Project**

Programming project on an area of interest in the computing field.  
Non-Exam Assessment  
20% of Total A-Level

**Enrichment**

Guest speakers are invited into school.

Online Webinars.

Competitions (Astro pi, Bebras)
