

Bishop Stopford School

faith | justice | responsibility | truth | compassion

Voluntary Contributions

The viability of trips and visits is entirely dependent on parents recognising their value, and therefore supporting them with voluntary contributions. There is no obligation to contribute, and students will not be deselected because of a lack of parental contribution.

However, information regarding trips or visits will state processes for cancelling a trip and returning monies, should the school not receive sufficient voluntary contributions for the activity to go ahead. Consideration for students facing financial hardship will be detailed in any information issued.
